Mga Regulasyon sa Pagmamaneho sa Rotonda

ALABANG HILLS VILLAGE ASSOCIATION

MGA GABAY SA PAGGAMIT NG ROTONDA

Ang isang **YIELD** o **“magbigay daan”** sign ay nagpapahiwatig na ang driver ay dapat handang huminto kung kinakailangan upang hayaan magpatuloy ang ibang driver na naunang pumasok sa rotonda. Ang driver na huminto o bumagal para padaanin ang ibang sasakyan ay nagbigay daan (right of way) sa sasakyan na naunang pumasok sa rotonda.

Mga dapat gawin kapag pumapasok sa rotonda:

1) **Bagalan ang paglapit sa rotonda.**

   - Ituring karaniwang interseksyon ang rotonda. Dapat bagalan ang minamanehong sasakyan palapit sa rotonda. Maaring may sasakyang nauna sa rotonda at kailangan mong itigil ang sasakyan mo.

2) **Ang mga sasakyan sa loob ng rotonda ang may karapatan ng daan. Maghintay ng tamang pagkakataon bago pumasok ng rotonda antayin ang huling sasakyan sa loob ng rotonda na makalampas bago pumasok.**

   - Huwag magmadali. Tiyaking walang panganib sa pagpasok sa rotonda. Lahat ng ibang sasakyan sa rotonda ay galing sa kaliwa dahil one-way lang ang rotonda. Gayunpaman, tingnan mabuti ang lahat ang kabuuhan bago pumasok. Dapat tandaan "ang sasakyan sa loob ng rotonda ang may karapatan ng daan".
   - Pahalagahan ang mga sasakyan sa gawing kaliwa, sapagkat sila ang may karapatan ng daan.
   - Ugaliin din na tumingin sa iyong kanan, kapag ang iyong sasakyan minamaneho at iba pang sasakyan ay sabay na dumating sa rotonda ang sasakyan na nasa iyong kanan ang may karapatan ng daan.
   - Ang mga sasakyang magmumula sa mga kalye ng Doña Ines, Doña Mary, at La Carlota ay kinakailangang huminto upang magbigay daan para sa mga sasakyang galing sa kalye ng Don Jesus; magpatuloy kapag walang sasakyang paparating.

3) **Sa pagpasok sa isang rotonda, manatili sa iyong lane hanggang sa paglabas ng rotonda.**

   - Pumili ng isang landas sa rotonda at sa pagpasok mo dito manatili sa loob nito hanggang sa lumabas ka.
   - Tandaan na palaging gumamit ng signal light kapag palabas na ng rotonda.
   - Kung lumampas ka sa iyong takdang labasan, umikot ka muli.

4) **Habang na sa loob ng rotonda, tandaan na ikaw ang may karapatan ng daan, para maiwasan ang anumang sakuna, hindi ka dapat huminto MALIBAN NALANG KUNG MAY DRIVER NA PWERSAHANG PUMASOK NG ROTONDA HABANG IKAW AY NASA LOOB NITO.**

5) **Ang mga taong tumatakbo, naglalakad o naglalakad ng alagang hayop, atbp., ay bawal na direktang pumasok sa rotonda. Gamitin dapat nila ang pinakamalapit na tawiran ng tao.**

6) **Ang mga naglalakad, kung tama man ang paggamit ng tawiran o mali ang pagtawid sa rotonda, ay laging may karapatan sa pagdaan sa anumang sasakyan. Ang mga motorista ay dapat laging magkaroon ng kamalayan sa mga pedestrian at siklista.**

TANDAAN:

*** MAGING ALERTO NA IKAW AY GUMAGAMIT NG ROTONDA, HINDI ISANG DERETSONG KALYE!**

*** LAGI MAG-INGAT. ISIPIN NA HINDI LAHAT NG NAGMAMANEHO AY MAY SAPAT NA KAALAMAN O KASANAYAN SA TAMANG PAGGAMIT NG ROTONDA.**

ROUNDABOUT DRIVING REGULATIONS

A **YIELD** or **“give way”** sign indicates that merging drivers must prepare to stop if necessary to let a driver on another approach proceed. A driver who stops or slows down to let another vehicle through has yielded the right of way to that vehicle.

Things to do when entering a roundabout:

1) **Slow down as you approach the roundabout.**

   - Treat the roundabout like your typical turn or intersection. You should never approach it too fast because in most cases, you may need to come to a full stop first before passing through. Decrease speed driving toward it, and once you do reach the roundabout;

2) **Vehicles already inside the roundabout have right of way. Do not attempt to enter the roundabout until the last vehicle inside the roundabout has passed you.**

   - Be patient. Make sure it is safe to enter the roundabout before you make your move, because traffic continuously flows in this circle.
   - Look to your left, because there may already be a vehicle in the roundabout that is approaching you. That vehicle has right of way.
   - Look also to your right, because if you and a vehicle on your right arrive at a roundabout at the same time, the vehicle on your right has right of way.
   - Vehicles coming from Doña Ines, Doña Mary, and La Carlota streets need to stop, giving the right of way for vehicles coming from Don Jesus Boulevard at all times, and proceed when no vehicle is approaching.
   -Vehicles on Don Jesus Blvd., should yield to vehicles turning on the roundabout.

3) **Upon entering a roundabout, stay on your lane until you make your exit.**

   - Select a lane you wish to drive in as soon as you enter the roundabout and stay in it until you make your exit.
   - Remember to always use your signal lights when exiting a roundabout.
   - If you miss your exit, you can always go around again.

4) **Inside the roundabout, remember that you have the right of way and that, to avoid any accident, you must not stop UNLESS AN UNRULY DRIVER FORCIBLY ENTERS THE ROUNDABOUT WHILE YOU ARE IN IT.**

5) **Joggers, walkers, pet walkers, etc. are not allowed to enter the roundabout. Use the nearest pedestrian crosswalk.**

6) **Pedestrians, whether correctly using a crosswalk or incorrectly crossing through a roundabout, always have right of way over any vehicle. Motorists must always be aware of pedestrians and cyclists.**

NOTE:

***PLEASE BE ON ALERT THAT YOU ARE USING A ROUNDABOUT AND NOT JUST GOING STRAIGHT FORWARD!**

***DRIVE DEFENSIVELY. ALWAYS LOOK TO YOUR LEFT AND TO YOUR RIGHT. EXERCISE CAUTION, BEARING IN MIND THAT OTHERS MAY NOT KNOW HOW TO USE A ROUNDABOUT.**
